Dear Sir:

Your name has been given me by Mr. Harry Jeffries, third baseman of the Mohawk Giants. He informed me you were the proper person to contact to find out if it would be possible to arrange any Negro National League games in your City, or if the local Team will play the Negro National League Teams.

I am sure I will be able to arrange a schedule sometime during the Summer that would bring us into your neighborhood, if it would be worthwhile.

Will appreciate hearing from you.

Very truly yours,
